

# Net Insurance: Approved 2022 financial results

- Normalised net profit of **13.8 million** Euros, up by **20%** compared to the previous year
  - Premium income of **184.8 million** Euros, an increase of **23.8%** (YoY)
    - Combined Ratio of **73%** (net reins) and **88%** (gross reins)
    - Resilient capital position: Group Solvency Ratio of **172.4%** 
      - Proposed dividend of **0.1357** Euros per share

**Rome, 21 March 2023 -** The Net Insurance S.p.A. Board of Directors, which met today under the Chairmanship of Ms Luisa Todini, has approved the 2022 Consolidated Financial Statements of the Group and the Draft Financial Statements of the Company as at 31 December 2022.

**Gross written premiums** of the Net Insurance Group amounted to **184.8 million Euros**, marking an increase of **23.8%** compared to the same period of the previous year. The 'turnover' figure exceeded the target of **15.7 million Euros (+9.3%)** set out in the Business Plan<sup>1</sup>.

In particular, premiums referring to **Salary-backed Loans** amounted to 102 million Euros (+11.6% compared to 2021), while **Bancassurance** premiums amounted to 41.3 million Euros (+57.2% YoY). Premiums allocated to the **Agro** segment also increased, where premiums stood at 36.3 million Euros (+26.4% compared to the figure as at 31 December 2021). On the **Broker** channel, premiums instead amounted to 4.2 million Euros (up 67.1%). A contribution of just over 1 million Euros was also recorded on **Digital** products.

The breakdown of premium income, divided by individual insurance class, is shown in the annex in Table no. 1.

<sup>1</sup> The Company's 2022 - 2025 Business Plan was presented on 23 June 2022 and gross premiums written were estimated at 169.2 million Euros.

Business growth was balanced, both in the Non-Life segment, with premiums of **95.1 million Euros** (+26% YoY), and in the Life segment, in which premiums reached **89.8 million Euros**, up by **21.6%** compared to the previous year.

# Net expenses from claims<sup>2</sup> amounted to 26.7 million Euros (24.5 million Euros as at 2021), which is attributable to the increase in the portfolio.

**Ordinary expenses**, in turn, amounted to 24 million Euros (20.9 million Euros at the end of 2021) and are slightly higher than the Plan estimates<sup>3</sup>. The figure reflects the continuous investment effort to support growth, the strengthening of the organisational structure and, to a lesser and limited extent, the strong inflationary trend that has pervaded the economic system in the last year.

The **operational margin** (net technical result<sup>4</sup>) went from **10.6 million Euros** in 2021 to **18.2 million Euros** (+**72%** YoY and +**7.2%**<sup>5</sup> above the Business Plan expectations). In terms of **overall technical performance**, the multi-specialist approach resulted in a positive **Combined Ratio** result, gross of Reinsurance, of **88%** and **73%**, net of Reinsurance.

The Group's **investments** amounted to **215.1 million Euros** (+ **6.8%** compared to 31 December 2021). The result from **financial management** amounted to **2.6 million Euros** (3.3 million Euros in 2021). The figure is 4% higher than the estimates indicated in the 2022-2025 Business Plan.

<sup>2</sup> The expense item is the portfolio's claims ratio, as per the Company's reclassified income statement. This differs from the item "net expenses from claims" in the consolidated balance sheets because it does not include the change in Life reserves (amounting to 7.3 million Euros compared to 12.6 million Euros as at 31 December 2021), which are included for reclassification purposes in earned premiums

<sup>3</sup> In the Business Plan, ordinary expenses for the year 2022 were estimated at 23.1 million Euros.

<sup>4</sup> The net technical result derives from the algebraic sum of premiums, charges relating to claims, commissions to distribution networks, the reinsurance technical result, operating expenses and, therefore, represents a sort of EBITDA for the insurance business. This indicator includes the effect of the extraordinary assignment of an irrecoverable loan portfolio arising from Salary-backed loan contracts.

<sup>5</sup> In the Business Plan, the estimated net technical result is 17 million Euros for the year 2022.

The Company realised a **normalised net profit**<sup>6</sup> of **13.8 million Euros**, up by **20%** compared to the previous year and just above the **13.6 million Euros** threshold set forth in the Plan.

The **consolidated net profit** amounted to **8.4 million Euros<sup>7</sup>** and, in the absence of the public tender offer and the consequent provision relating to the 'Performance Shares Plan (2019-2023)', would have been 14.3 million Euros.

**Tax incidence** in 2022 was 29.3% of the total pre-tax profit. The increase in the tax rate, compared to last year, is attributable to the extraordinary recognition in 2021 of deferred tax assets relating to the revaluation of the trademark as well as the non-deductibility, for IRAP purposes, of the provision relating to stock option costs.

In terms of equity, the Group's **consolidated Shareholders' equity** closed at **88.6 million Euros**, substantially stable compared to the **88.8 million Euros** of the previous year, despite the marked volatility and uncertainty that characterised the markets during the 2022 financial year.

The assets are affected by the registration in the reserve 'Gains or losses on availablefor-sale financial assets' of the depreciation of financial instruments in the portfolio.

In terms of **solvency**, the Group closed the year 2022 with a Solvency II Ratio of **172.4%** (**180.7% at the end of 2021).** This figure is substantially stable and above 170%, despite the marked financial volatility and its impact on own funds.

Finally, the normalised ROE<sup>8</sup> was **15.6%** (**9.4%** was the ROE compared to the profit for the period), while the RORAC<sup>9</sup> reached **27.7%**.

<sup>6</sup> The normalised profit is the Plan target and is equal to the result for the year less non-recurring charges and income, therefore linked to events of an extraordinary nature, and therefore is a true reflection of the financial "performance".

<sup>7</sup> Net profit was affected by the provision relating to the 'Performance Shares Plan (2019-2023)' allocated to the Chief Executive Officer and the key Senior Staff of the Management team for an amount of 7,550 thousand Euros. Without this provision, the net result would have been 14,112 thousand Euros; moreover, without the costs incurred for the public tender offer, the net result would have been 14,276 thousand Euros. Furthermore, if the execution of the public tender offer becomes effective, the negative effect on equity will be partially offset by the revaluation and sale of own shares at the time of the public tender offer, therefore significantly reducing the impacts on equity.

<sup>8</sup> The ROE is the ratio between normalised net profit and company equity.

<sup>9</sup> The RORAC is the Return on Risk-adjusted capital, an indicator of profitability adjusted for risk. It is calculated as the ratio between normalised profit and the average Solvency Capital Requirement in the year.

### **Dividend distribution proposal**

In approving the 2022 overall Group results as well as the 2022 Draft Financial Statements of the Parent Company, today the Board of Directors of Net Insurance S.p.A. proposes to the Shareholders' Meeting to allocate the profit for the period - amounting to **2,624,606 Euros** - as follows:

- 1,697,000 Euros to the legal reserve
- a dividend to ordinary shares in the amount of 927.606 Euros;

The Board of Directors of the Company, in view of the dividend policy outlined in the 2022-2025 Business Plan<sup>10</sup>, proposed:

- to allocate an additional amount of 1,584,780.30 Euros as dividend, through the use of retained earnings;
- to classify the amount of 1,416,775 Euros of the 'share premium reserve' under 'other reserves' for the purposes of the indistributable reserve pursuant to Article 2426, paragraph 1, no. 4) of the Italian Civil Code.

The proposed dividend is therefore equal to 0.1357 Euros per ordinary share and the total amount allocated to the dividend is equal to 2,512,386.30 Euros.

The distribution of the dividend would take place according to the following calendar:

- detachment date 22 May 2023;
- date of entitlement to receive the dividend 23 May 2023 (record date);
- payment date 24 May 2023.

### Foreseeable Management Evolution

Despite the evolving macroeconomic scenario and the public tender offer launched by the Poste Group on Net Insurance shares and warrants, in 2022 the Company continued its growth path in all business areas, significantly strengthening its positioning on the market.

In the coming months, robust growth in business volumes is expected in all segments of the Company's business.

With regards to the **Salary-backed loan** market, in continuity with what was outlined in the 2022-2025 Business Plan, the 2023 objective will be to consolidate the leadership attained, while maintaining a good balance between profitability and growth thanks to the portfolio's technical quality.

For the **bancassurance** segment, its size will be supported both by the signing of new agreements with local banks and by the introduction of differentiated service models to be offered to partners. Space for the enhancement of a personalised commercial offer, all enriched by innovative digital tools and incentive mechanisms.

With reference to the **broker channel**, in 2023 the company continues with the strategy of strengthening the offer through the proposal of specific solutions, together with the development of a platform designed to simplify processes and increase the productivity of the Affinity market.

In continuity with 2022 in the **digital sector**, the company, in line with the strategic positioning guidelines, will remain focused on the development of an increasingly

innovative offer, thanks to the use of technology as an infrastructure, sales channel and insurance product.

In 2023, the Net Insurance Group's commitment is aimed at achieving the strategic priorities defined in the 2022-2025 Business Plan, through the implementation of policies aimed at integrating sustainability in both business models and operational processes and industrial projects.

'The performance achieved by the company in 2022 once again confirms the effectiveness of the strategy underlying the Business Plan presented in June last year. In an environment of discontinuity and radical change, exogenous and endogenous - first for the recent extraordinary transaction by the Poste Group on Net Insurance - the Company recorded strong growth in all business areas in 2022, fully meeting and exceeding all the targets envisaged in the business plan and communicated to the market. The first few months of 2023 are already confirming the positive trend of the previous year.', stated **Andrea Battista, CEO of Net Insurance**. 'In terms of capital strength, the Group's solvency ratio in 2022 proved fully robust, despite the strong volatility of the markets and business growth', concluded Battista.

Finally, the Company announces that today's Board of Directors has approved the 'Report on corporate governance and ownership structures' for the year 2022, drawn up pursuant to Article 123-bis of the Consolidated Law on Finance (TUF). This Report provides extensive information on the self-assessment process of the Board of Directors and the Board of Statutory Auditors.

With regard to the latter Body, as particularly envisaged by the 'Rules of conduct of the Board of Statutory Auditors of listed companies', the Board of Statutory Auditors of the Company carried out a self-assessment of its composition, exercise of powers and functioning (referring to the 2022 financial year, the first year of the mandate in a company listed on Euronext STAR Milan), with the support of an independent advisor.

Overall, the self-assessment provided a very positive picture of the size, composition and functioning of the Board of Statutory Auditors.

Through the self-assessment process, the Board of Statutory Auditors also ascertained the existence of the requirements of integrity, professionalism and independence of the members of the Board of Statutory Auditors, as well as the assessment of the commitment and time required by the office and the limits to the accumulation of the same offices, in compliance with the laws and regulations in force.

For further information, please refer to the Report on Corporate Governance and Ownership Structures of the Company, which will be made available to the public in accordance with the law.
